Valentine's Day

Each year on February 14, many people celebrate Valentine's Day by sending cards and gifts such as flowers or a box of chocolates to their special "Valentine". This person can be their boyfriend, girlfriend or partner. They may also arrange a romantic meal in a restaurant or a night at a hotel. The most common colors of Valentine's Day are pink and red, with images of hearts, red roses, couples embracing, and a figure with wings and a bow and arrow known as Cupid. If a person wants a romantic relationship with someone, they may use the occasion to send an anonymous message to them. Valentine's Day is not a public holiday so government offices, schools and business will be open as usual. It's also chosen as popular date for weddings.

Questions
