	Carol: I feel stressed. Can you give any advice to me?	Susan: I believe that music can lower your stress. Why don't you try?
	Carol: That sounds good. Do you listen to music while you are studying?	Susan: Never. I think we shouldn't listen to music while studying. It makes difficult to concentrate.
	Carol: What do you think about listening to music before sleeping?	Susan: Well, I listen to music to feel more relaxed but to me , it's not a good idea to listen to music to sleep well.
