

Label the parts of the multiplication. Use the words in the word bank.

Product

Multiplication sign

Factors

Multiplier

Equals sign

Multiplicand

$$7 \times 3 = 21$$

A diagram illustrating the components of a multiplication equation. The equation $7 \times 3 = 21$ is shown in purple. A blue bracket is positioned above the equation. Blue arrows point from the word 'Product' to the equals sign (=), from 'Multiplication sign' to the multiplication symbol (x), from 'Factors' to the number 7, and from 'Multiplier' to the number 3. The number 21 is labeled 'Multiplicand' with a blue arrow pointing to it.
