Water around us

น้ำรอบตัวเรา

Read the questions carefully and choose the correct answer from the following options

อ่านคำถามอย่างละเอียดและเลือกคำตอบที่ถูกต้องจากตัวเลือกต่อไปนี้

1. Name the process when the solid change to liquid?
 - a. Evaporation
 - b. Melting
 - c. Condensation
2. Name the process when liquid change to gas?
 - a. Evaporation
 - b. Freezing
 - c. Melting
3. Name the process when the gas change to liquid?
 - a. Freezing
 - b. Evaporation
 - c. Condensation
4. Name the process when the liquid change to solid?
 - a. Freezing
 - b. Evaporation
 - c. Condensation

5. Ice cubes are in the form of
- a. Gas
 - b. Liquid
 - c. Solid
6. Steams are in the form of which state?
- a. Solid
 - b. Liquid
 - c. Gas
7. Water turns into ice, when it becomes
- a. Hot
 - b. Cold
 - c. Non-of the above
8. Ice turns to water, when it becomes
- a. Hot
 - b. Cold
 - c. All of the above
9. can take the shape of any containers
- a. Solid
 - b. Liquid
 - c. Gas

10. Which of the following statement is correct about the properties of water?
- a. Water has smell
 - b. Water has color
 - c. Water has no taste
11. Write "Yes" or "No" to this statement, "water can dissolve some substance"?
- a. Yes
 - b. No
 - c. All of the above
12. We use water
- a. For drinking
 - b. For cleaning
 - c. Non-of the above
13. Which of the following is the sources of water?
- a. Lake
 - b. River
 - c. All of the above
14. Oceans and rivers are
- a. Natural water sources
 - b. Artificial water sources
 - c. Non-of the above

15. Ponds and canals are
- a. Natural water sources
 - b. Artificial water sources
 - c. All of the above
16. How can we conserve the water?
- a. By taking a long shower
 - b. By throwing rubbish in the water
 - c. By turning of the water tap while brushing
17. Taking shorter shower can
- a. Conserve water
 - b. Cannot conserve water
 - c. Non-of the above
18. Which of the followings are the method to purify water?
- a. By boiling
 - b. By filtration
 - c. All of the above
19. Which of the following is true about “unclean water”?
- a. It has low level of oxygen
 - b. It has bad smell
 - c. All of the above

20. When water sources are heated by sunlight, water
..... into water vapor

- a. Precipitation
- b. Evaporation
- c. Collection

21. Based on the picture, choose the correct uses of water?

- a. For washing
- b. For cleaning floor
- c. For transportation

22. Based on the picture, choose the correct use of water?

- a. For watering the plants
- b. For agriculture
- c. For swimming

23. Glaciers are in the form of which state of water?

- a. Solid
- b. Liquid
- c. Gas

24. Based on the picture, choose the correct uses of water?

- a. For agriculture
- b. For recreation
- c. For washing cars

25. Which of the following is an example of solid changing to liquid?
- a. Ice
 - b. Water
 - c. Water vapor

Thank you

Have a good day
