

Write an advice for the following people. Your advice should include two expressions we studied in class.

- 1. I always have a problem with my in-laws. They don't like me and they want my wife to leave me. My wife is not happy because I don't get along with her parents. What should I do?*

- 2. My parents are old and they live alone. I am always worried about them. I asked them to move in with me in my big house, but they refused. Their house is two hours drive from where I live. What should I do?**

- 3. I moved to Canada eleven months ago and I like it here. My wife is not happy here. She stays at home and doesn't have any friends. Yesterday, she told me that she wants to go back to our original country, but I want to stay here. What should I do?**
