

# Where Animals Live

Read and group. (อ่านหรือกด ►• พิมพ์เรื่องและจัดกลุ่มสัตว์ตามที่อาศัยอยู่)

There are many kinds of animals. Some animals live<sup>1</sup> on land<sup>2</sup>. Some live in rivers<sup>3</sup>, seas<sup>4</sup> and oceans<sup>5</sup>.

Land animals live in forests<sup>6</sup>, grasslands<sup>7</sup> and deserts<sup>8</sup>. Tigers, horses, deer, monkeys and chimpanzees live in forests. Lions, zebras, giraffes, kangaroos and cheetahs live in grassland. Camels and some snakes live in deserts.

Some animals live in the sea. They are sea animals. They are fish, dolphins, sharks, whales, jellyfish, octopuses, seahorses, turtles, crabs and starfish.
