Lesson 9: My dream house

Activity 3 Reading

Read the descriptions of students' dream houses and fill in the table.

My dream house is an apartment in the city. I want to live in Abu Dhabi because it is my favourite place. I would like to have a games room and a study room. I like being outside, so I would like to have two big balconies.

My dream house is next to the beach. I like quiet places, so I don't want to live in a city. I would like to live in a big house with a nice garden. I would like to have white walls and lots of trees outside.

	Type of house	Where?	Why?	Likes to have
