# IS YOUR PHONE ALWAYS ON?

ON  OFF

Some people always have their phone on and they use it all the time – in a café, in the car, even in bed! Is this a good idea? Tell us what you think! And is your phone always on?

**KEVIN**  
My phone's always on, day and night. You never know – maybe someone needs to call you at night.

**YASMIN**  
I never have my phone with me when I'm with people in a restaurant. I don't want to talk on the phone when I'm eating. And I always turn it off at night.

**BRANKO**  
My phone's always on in the day – when I'm at home and when I'm at work, but I turn it off at night. I want to sleep!

**SAM**  
My phone is usually on, but not at the cinema of course, and not on a plane. I have it on at night.

**JENNY**  
My phone is always off! I use it when I speak to a friend, or maybe at the airport or on a train – sometimes I need to tell my mum that the train's late. But then I turn it off. I don't like talking on the phone.
