Read the passage and choose the best answer A, B, C or D to complete each of the sentences.

Every year students from many countries learn English. Some of these students are young children. Others are teenagers. Many are adults. Some learn at school, others study by themselves. A few learn English just by hearing the language in films, on television, or in the office. Most people must work hard to learn another language.

Many boys and girls learn English at school because it is one of their subjects. They study their own language, Mathematics, and English. In England or America, or Australia many boys and girls study foreign languages, perhaps French, or German, or Spanish. Many adults learn English because it is useful for their work. Other people learn English because they want to read newspapers or magazines in English.

(<1>) According to the writer _____.

- A. only adults learn English
- B. English is useful only to teenagers
- C. no children like learning English
- D. English is popular in most of the world

(<2>) In America or in Australia, many school children study _____.
