

Diagnostic Test

A. Read the following text carefully, and then answer the questions below.

I drew a picture in my project book then I wrote about how the fire started and what the people did. Mrs. Fox, our teacher, said that my picture was excellent. We're finishing this project next week. I will be sad because I've enjoyed doing it a lot. We couldn't go outside to do sport because it was still raining so we played basketball in the sport hall. In the afternoon we had science then math. Mum came to meet me from school. It was still raining! Nina was carrying her pink umbrella and I had my green and yellow umbrella. What horrible weather! Nina was cross. She said that she didn't like the rain!

Lucy

1- What did Lucy write about?

- a- The project b- The fire c- Her teacher
