	I like _____.

B. LABEL

3. Read the words in the box then choose and write the correct word for each picture.

math	English	science	P.E.
------	---------	---------	------

C. COMPLETION QUESTIONS

4. Read the following article, then complete with the correct word according to the reading.

My School's Website

One of my favorite websites is my school's website. I like it because you can easily navigate and find many photographs and the most important information about our school.

First, you see the homepage with the school logo and some links. There you can watch videos of the school events; for example, the school fest, Christmas or Carnival celebrations and sports competitions. The best of our school website is the gallery with lots of pictures of the school's cheerleaders, the different club members, former students, etc. In addition, with just a click you can see the different sections of the school: elementary school, junior high, and high school. Another interesting feature is that you can read and learn the lyrics of the school anthem. You can also change it into different languages like Spanish, German or English. One of the disadvantages is that some tabs are not ready yet. Another downside is that there is a lot of advertising on this website, but you can pretend not to see it.

To conclude, I think that my school has an excellent website. You should check it out!

- a) You can find many _____ in the school website.
- b) The homepage has the school _____ and some links.
- c) You can _____ videos of the school events.
- d) You can read and learn the _____ of the school.

D. ORDER QUESTION

5. Read the text again, and write each sentence in the correct order according to the text.

1.-
