The doctor said he would have me on my feet in two weeks.
And did he?

Q: Does an apple a day keep the doctor away?

Did you hear about the guy who lost his whole left side?

Doctor: I have some bad news and some very bad news. The lab called with your test results. They said you have 24 hours to live.

Patient: 24 hours! That's terrible!! What's the very bad news?

Q: What did the man say to the x-ray technician after swallowing some money?

Doctor: I've got very bad news - you've got cancer and Alzheimer's.

Doctor: You are very sick.

Patient: Can I get a second opinion?

Woman: My husband swallowed an Aspirin by mistake, what shall I do?

Q: Why did the doctor tell the nurse to walk past the pill cupboard quietly?

Patient: Someone decided to graffiti my house last night!

Doctor: So why are you telling me?

Doctor: I'm afraid you're dying and you don't have much time.

Patient: Oh no, that's terrible. How long have I got?

Doctor: 10

Patient: 10? 10 what? Months? Weeks? What?

A: Do you see any change in me?

Doctor: 10...9...8...7...

Patient: Well, at least I don't have cancer.

Yes, I had to sell the car to pay the bill.

A: So she wouldn't wake the sleeping pills.

He's all right now!

Doctor: Yes, of course! You are very ugly too.

Doctor: I've been trying to reach you since yesterday.

Patient: I can't understand the writing. Was it you?

A: Only if you aim it well enough.

Doctor: Give him a headache now, what else!
