

# Identify the shape of each block.

| Block                                                                               | Shape of the block |
|-------------------------------------------------------------------------------------|--------------------|
|    |                    |
|    |                    |
|    |                    |
|    |                    |
|   |                    |
|  |                    |
|  |                    |
|  |                    |
|  |                    |

Interpret each script given below.(use the cat as a sprite if needed)

| Script                                                                                                                                                                             | Interpretation |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|
|  <pre> when this sprite clicked   forever loop     go to random position </pre>                   |                |
|  <pre> when green flag clicked   repeat 10 times     move 10 steps     if on edge, bounce </pre> |                |
|  <pre> when green flag clicked   play sound Meow until done   say Hello! for 2 seconds </pre>   |                |
