

# TELL ME ABOUT YOUR DAY

In the morning, I get up early, around 8:30. I have a shower to finally awake, I have a healthy breakfast to stay strong and I start working in my "office" with my computer. I have a big table with many things on it, my table is always a mess.

In the afternoon, I cook and I have my lunch. From Monday to Friday I always eat fruit after lunch, but on weekends I usually have a special dessert, for example, I have banana bread with chocolate chips. After having lunch, I go back to my "office" a little bit more. After that, I buy some goods at the supermarket and go back home.

In the evening, I walk my dog Tristán in a forest near my house. I am happy because he is happy smelling flowers and grass. I cook sometimes, mostly desserts, I prefer cooking sweet food than salty. After walking and, sometimes, cooking I prepare dinner, then I watch a little bit TV, normally Netflix and I go to bed.
