

NAME: _____ DATE: _____

GRAVITY, MASS AND WEIGHT

A. Find the meaning of the following words and type them in the spaces provided.

1. Gravity _____

2. Mass _____

3. Weight _____

4. Newtons _____

5. Planet _____

6. Satellite _____

7. Orbit _____

B. Write the correct key word below to complete the sentences.

GRAVITY MASS WEIGHT NEWTONS PLANET SATELLITE ORBIT

1. The _____ of the boy was only 35 kilograms.

2. The Moon is Earth's _____ because it moves around the Earth.

3. Venus is the second _____ from the Sun.

4. _____ pulls us downward all the time.

5. Her _____ was 120 Newtons on Earth.

6. The force that he used to kick the ball was 200 _____

7. The planets all _____ around the Sun.

2. Draw a line to match the word with the meaning.

Word		Meaning
Gravity	•	• to go around
Mass	•	• unit of force
Weight	•	• it orbits a planet
Newtons	•	• force pulling you down
Planet	•	• amount of gravity force on an object
Satellite	•	• it orbits the Sun
Orbit	•	• amount of matter

Find the words in the following puzzle.

K	B	O	W	M	J	C	J	D	J	G	P	H	B	Y
Q	N	M	R	J	E	X	N	S	I	Y	L	T	H	T
H	G	I	P	F	K	T	S	U	G	R	A	R	Y	I
H	A	Z	S	V	S	S	S	O	U	F	N	A	Y	V
