

Matemáticas IV

Retroalimentación de funciones

Nombre: _____ Grupo: _____

INSTRUCCIONES: Realiza lo que se te indica.

1. Escribe una **R** si es relación y una **F** si es función en el cuadrado.

2. De acuerdo a la función relaciona con líneas de que tipo es.

Trigonométrica

$$f(x) = 3x + 8$$

Logarítmica

$$f(x) = 8$$

Constante

$$f(x) = e^x$$

Cuadrática

$$f(x) = \cos 2x$$

Exponencial

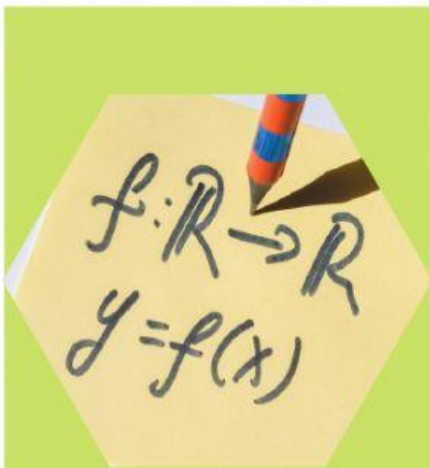

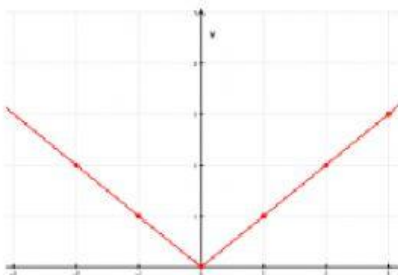

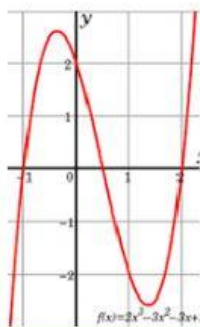

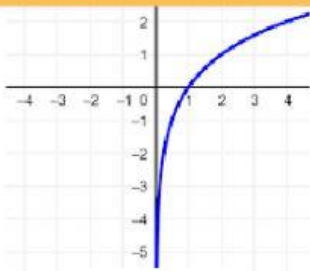

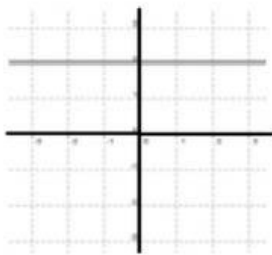

$$f(x) = x^2 + 8x + 9$$

Lineal

$$f(x) = \log_2 x$$

3. Arrastra el tipo de función donde consideres a cuál gráfica le corresponde.

- F. Escalonada
- F. Exponencial
- F. cúbica
- F. Valor absoluto
- F. Lineal
- F. Logaritmica
- F. Constante
- F. Cuadrática
