

Taylor Swift Interview - The New York Times

The first movie that I (1)_____ seeing was The Little Mermaid, and my parents still told me stories about going to see that movie with me and I think I (2)_____ three years old at the time and on the way home from seeing that movie in the theaters, I was in the (3)_____ in the backseat singing the words to the songs that I'd heard in the movie, and they kind of looked at (4)_____ other and were really confused as to how I was remembering the words after seeing the movie only (5)_____.
