Dear *TeenLink*,
My name's Alex and I'm thirteen. My school marks are really bad. I think school's OK, and I know I ¹ *should* try a bit harder, but I'm afraid I can't be a good student! Can you help me? What ² I do?

Dear Alex,
You can be a good student! Here's what you ³ do:
First of all, you ⁴ try to do your homework every day. And remember: you ⁵ watch TV before you do your homework! School comes first!
If you think your homework is too difficult, you ⁶ talk to your teacher. Ask him/her to help you. And you ⁷ waste time in class. You ⁸ listen to your teacher very carefully.
Good luck!
