

First Aid Course

Basic

First Aids save many people's lives, so it is important to learn some basic procedures in case you may need them.

A. Use ***"should, ought to, had better"*** to choose the correct expression for the sentence.

- ✓ You _____ to take him to the emergency room. ✓ They _____ hurt his injury.

- ✓ _____ I put on a bandage? ✓ You _____ do abdominal thrusts.

B. Answer to the questions with the information in parenthesis. Use ***"should, ought to, had better"***.

- ✓ What should I do if someone's heart stops beating? (*should / do CPR*)

- ✓ What should I do if someone is bleeding a lot? (*should / apply a bandage and put pressure on the wound*)

- ✓ What should I do if someone is choking and can't breathe? (*had better / do abdominal thrusts*)

- ✓ What should I do if someone has a sprain? (*ought to / put ice and a bandage on the joint*)

- ✓ What should I do if someone has a bee sting? (*had better / remove the stinger*)

- ✓ What should I do if someone goes into shock? (*ought to / lay the victim on his back and elevate his legs*)

C. Find the mistakes in the following sentences.

Find the ^{Mistake}~~Mistaek~~
