

CLOUDY with a chance of MEATBALLS

Relative Clauses

I. Match the machines Flint Lockwood invented with what they can or can't do.

1. Spray-on shoes	A. It translates thoughts
2. Remote control television	B. it turns water into food.
3. Hair un-balder	C. It can't fly
4. Flying car	D. they can fly
5. Monkey thought translator	E. it grows too much hair
6. Ratbirds	F. it can walk
7. A machine	G. they don't get off

II. Now combine both parts using restrictive relative clauses. Start the sentences with the given sentence:

He invented...

Ex: 1. He invented spray-on shoes that don't get off.

2
3
4
5
6
7

III. Work in small groups. Think about 3 perfect inventions. Then write a relative clause saying what it can do.

Ex: We are going to invent a machine that can do the homework for us.
