Conversation 2.35

Megan: Did you know? Jeff lost his job.

Steve: He was fired? He got that job thanks to you.
What was the reason?

Megan: He simply didn't follow the rules. His telephone line was always busy with personal calls, and he used to spend hours surfing the Internet.

Steve: That's against company policy, isn't it?

Megan: Yeah. So he was warned against doing that. And to make matters worse, he was rude to a customer. As a result, we lost a very important client.

Steve: So, he was fired because of that?

Megan: No. His boss called him in and explained that he should keep his cool and gave him one last chance. Jeff argued that it was the customer's fault, and that he was in his right to act as he did.

Steve: Wow! So he got fired for insubordination.

Megan: Exactly.
