The goose that laid golden eggs

One upon a time, there was a poor farmer. He was so poor that he had only one goose.

One day, the farmer went to feed the goose. To his surprise, he found an egg of gold. The farmer was very happy. He knew he was a lucky man.

The goose laid a golden egg every day, and soon, the farmer was very rich.

The farmer was also very greedy and unkind. He began to wonder how many more eggs the goose had inside her.

He wanted to have all the eggs at once, instead of only one egg every day.

So, one day the cruel farmer killed the goose that laid the golden eggs. He cut the poor goose open, but there was nothing inside her at all.
