Read Christine's letter. Then do the exercises on the next page.

Dear Sophia,

How are you? Did you have a good time at the weekend? I had a wonderful time. Let me tell you about all the things that I did.

I woke up early on Saturday morning and did all my homework for Monday. In the afternoon, my dad and my brother went to watch a football game and my mum drove me to the the town centre where I met my friend, Helen. It's my brother's birthday on Tuesday and I wanted to buy him a present. My brother loves playing football. My parents had already got him a new football so I bought him a football shirt of his favourite team. I know he would prefer a new pair of football shoes, but I didn't have enough money to buy him such an expensive gift.

My brother's other favourite hobby is reading fantasy and science fiction books. Helen is also interested in these kinds of books so when we visited the bookshop, she bought my brother this year's most popular fantasy book. I'm sure my brother will really like it. I love reading books, too, but I don't like fantasy or science fiction books. I prefer mysteries or love stories.

Helen spent Saturday night at my house. We watched our favourite show, *Survivor*, on TV. On Sunday morning, we went to the beach. There were a lot of people at the beach because it was a very nice day. We didn't find an umbrella and because we didn't want to sit under the sun, we swam for half an hour and then left. After lunch, we listened to music and talked in my room. Helen went back to her house at 6 o'clock. It was a wonderful weekend.

What are you going to do next weekend? Helen and I have planned to go to an Amusement Park. Would you like to come, too? Call me to let me know.

Kisses,

Christine
