5 Read and complete the chart!

What a Busy Family!

Hello, I am Jamal. Every day in my house, my family members, my relatives and I get up very early in the morning because we all have different occupations. My mother works at a hospital. she is a nurse. Every morning she always uses her scrubs to go to work, and always bring her medical kit to go to work. My father builds houses, he is a builder. To prepare for job, he brings his helmet, hammer, nails, and put in his toolbox.

Junita, my sister, works at a restaurant as she is a waitress. Haekal, my brother, works at a High School, he is a teacher. When you need stationery, he has it all.

Johnny is my uncle, he works at a hospital, too. He is a doctor. His daughter, Lili, works in an office, she is a secretary. I also get up early because I have to go to school. I am a student.
