

Con los términos de una suma puedo escribir dos restas distintas.

$$7 + 4 = 11$$

$$\begin{array}{l} \nearrow 11 - 7 = 4 \\ \searrow 11 - 4 = 7 \end{array}$$

3º Escribe dos restas con los términos de la suma.

$$12 + 20 = 32$$

$$\begin{array}{l} \boxed{\phantom{00}} - \boxed{\phantom{00}} = \boxed{\phantom{00}} \\ \boxed{\phantom{00}} - \boxed{\phantom{00}} = \boxed{\phantom{00}} \end{array}$$

$$34 + 16 = 50$$

$$\begin{array}{l} \boxed{\phantom{00}} - \boxed{\phantom{00}} = \boxed{\phantom{00}} \\ \boxed{\phantom{00}} - \boxed{\phantom{00}} = \boxed{\phantom{00}} \end{array}$$

4º Escribe el número que falta.

$$12 + \boxed{\phantom{00}} = 45$$

$$34 + \boxed{\phantom{00}} = 58$$

$$\boxed{\phantom{00}} + 201 = 223$$

$$115 + \boxed{\phantom{00}} = 330$$

$$\boxed{\phantom{00}} + 123 = 250$$

$$\boxed{\phantom{00}} + 47 = 70$$

$$523 + \boxed{\phantom{00}} = 561$$

$$\boxed{\phantom{00}} + 135 = 558$$
