Forces

A **push** is a force that moves something farther away.
A **pull** is a force that moves things closer.

Is each activity a push force or a pull force?

ring a doorbell Push Pull

hammer Push Pull

rake leaves Push Pull

get a tissue Push Pull

walk a dog Push Pull

throw a ball Push Pull

tug Push Pull

staple Push Pull

zip a zipper Push Pull

mow the lawn Push Pull

pedal a bike Push Pull
