A day in the life of Paula Radcliffe - Marathon Runner

8.30am

Sometimes, my daughter Isla wakes me and my husband, Gary, up, or, more often, we wake her up. After I get up, I always check my pulse. It's usually 38-40 beats per minute. If it is too high, I rest for the day. It's so important to listen to my body. I have a drink and a snack while giving Isla her breakfast.

9.30am

We take Isla to nursery and then I start my training. I run, and Gary rides his bike next to me and gives me drinks. Four times a week, I have a cold bath or go for a swim in a lake after training.

12.30pm

I pick up Isla from nursery and we go home and I eat a big lunch of cereal and fruit. Then I have rice and salmon, or toast and peanut butter. I try to eat as soon as possible after training. After lunch, I play with my daughter.

2pm

I have a nap in the afternoon, and Gary usually takes Isla out while I sleep. When I wake up, I have a drink and a snack while Isla has milk. I eat a lot during the day, especially bananas and dark chocolate.

5pm

I go running again. In total, I run about 145 miles every week. I write about all my runs in my training journal. I record everything, including how I feel and what the weather is like. I train hard every other day, go on an extra-long run every four days and rest every eighth day.

7pm

In the evening, I do my exercises. These keep me strong during long runs. Isla likes to climb on me while I stretch. Gary gives Isla her food and cooks my food while I finish my exercises. Then I finish cooking dinner while Gary gives Isla her bath.

7.30pm

Gary and I eat our dinner. I have red meat four times a week with rice, pasta or potatoes, and lots of vegetables. We also eat a lot of stir-fries, because they're quick and healthy.

8pm

We put Isla to bed and relax. I check my emails and watch TV or chat with Gary. I love police and hospital dramas!

10.30pm

Time for bed. As I brush my teeth, I stand on one leg and then the other. This keeps my legs strong. I enjoy reading, but I haven't read much since Isla was born.

Is there a typical US family?

SIMONE - I don't think there is a typical US family. For example, my family is very different from my best friend's family. We don't do many things together (I think we are too busy), but my friend's family does most things together – eat, go on vacation, and so on. We are 100% different.

HYO – I think there is a typical family, a family that lives in a house, not an apartment, and eats together maybe 1 or 2 times a week. I think a typical family cooks a special meal on the weekend, but eats too much fast food in the week. My family is not very typical. Eating together is very important to us and we try to meet at the dinner table most nights of the week.

Title: _____

1 _____ We have cash, checks, and credit cards, and, of course, we can also pay for things online. But are all these ways of paying the same? Do they all have the same effect on us? The answer is no. Studies show that the way we feel changes depending on how we pay.

2 _____ When you pay with cash, you pay immediately. You know how much it costs and you see that money go. This makes people understand exactly how much something costs. If the price is high, it can make people feel bad.

3 _____ We click the button or put in our PIN number, but we don't really feel that we are paying with our money. This means we don't feel as bad as we do when we pay in cash. Research shows that people are happy to pay up to 100% more for something when they pay by credit card. They do not feel bad in the same way as with cash.
