

Match each expression with the correct answer.

$x = 1$ and $y = 3$ (use these values to evaluate)

1) $1x - 2y$	15
--------------	----

2) $2x + 3y$	11
--------------	----

3) $x - y + 4$	1
----------------	---

4) $3x + y - 5$	-5
-----------------	----

5) $4x + 3y + 2$	2
------------------	---
