VI. Read the passage and choose the correct answers.

Tourism plays an important part in the development of every country's economy. Tourism's positive economic impacts include jobs creation. Jobs such as tour guides, or hotel employees, etc. are a direct result of tourism. The increase in the number of tourists in a country also creates more jobs in retails, food production and transportation, etc. In addition, tourists' spending money while travelling help stimulate the economy as it increases foreign exchange and results in local people spending more money. The development of tourism also encourages investment from big corporations and provides opportunities for other small businesses. This will generate more tax revenue which in turn can be used by government to improve public infrastructure such as road, hospitals, and schools etc.

1. What is tourism important for?

- A. The development of every country's politics
- B. The development of every country's economy
