

Perimeter of Squares

Using area model multiplication to find the perimeter of squares.

1	51cm  Perimeter = Side x  =  x  =  
2	67 cm  Perimeter = Side x  =  x  =  
3	89cm  Perimeter = Side x  =  x  =  
4	64cm  Perimeter = Side x  =  x  =  

5	38cm  Perimeter = Side x  =  x  =  	6 29cm  Perimeter = Side x  =  x  =  
7	46cm  Perimeter = Side x  =  x  =  	8 83cm  Perimeter = Side x  =  x  =
