

BROKEN HEART

Listen and complete the song.

_____ although she would smile
It _____ meant she was thinking of him
Though _____ we talked, more _____ than not,
I didn't really hear what she had to say

Since we're apart

I wonder how to mend

A broken heart

I was _____ there when she needed me

And _____ I was out drinking with friends

I was _____ the one who was out having fun

Yet she _____ complained about being ignored

Now and then, since we're apart,

I wonder how to mend

A broken heart

_____ she sits under our tree

often

Sometimes

Now and then

Once in a while

usually

Occasionally

rarely

constantly

never

always

_____ to see if I come back to her
By now she should know that I'm not coming home
In fact, now I _____ think about her
But now and then,
since we're apart
I wonder how to mend
Her broken heart

hardly ever

often
