

English Year 4

Week 7 (19th February 2022)

Lesson Objectives:

- Answer simple comprehension about endangered animals

Step to Success:

- Read text (instructions)
- Identify keywords in questions
- Write answer in complete sentence

How to protect sea turtles:

Sea turtles need the sea and beach to be clean and safe.

1. Always look after your boat well. Make sure there are no oil or fuel leaks in the motor. Oil and fuel can make the sea unsafe for the turtle.
2. Make sure you know where the sea turtles live or swim, and drive your boat slowly in these areas. The propeller on your boat motor can hurt sea turtles.
3. Keep all of your rubbish in your boat, or in a bag to throw into a rubbish bin. Do not drop your rubbish in the sea or on the beach.
4. Stay away from sea turtle nests. Do not take the sea turtle eggs or the baby turtles. Sea turtles will die if you don't protect them.

Use dictionary book or online dictionary, find the meanings (in english)

Fuel - _____

propeller - _____

Comprehension Questions:

1. What should you always do to your boat?

2. What can make the sea unsafe for turtles?

3. Why should you drive your boat slowly around sea turtles?

4. Where should you put your rubbish?

5. What should you stay away from?
