

CONTENT NOTES FOR TIME TO THE HOUR

The clock has a face and numbers from 1 to 12. The clock also has two (2) hands. There is a long hand which is the minute hand and the short hand which is the hour hand. To tell time to the hour, the minute hand is on twelve (12) while the hour hand points to the hour

The Clock

We use a clock to measure time.

1 minute = 60 seconds

1 hour = 60 minutes

Analog Clock

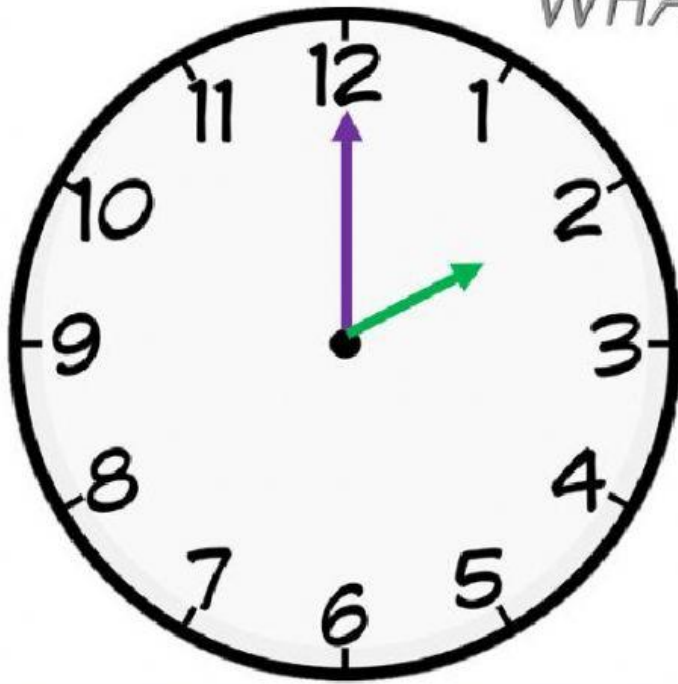

The clock has a face and two hands.

Digital Clock

We say 9 o'clock.

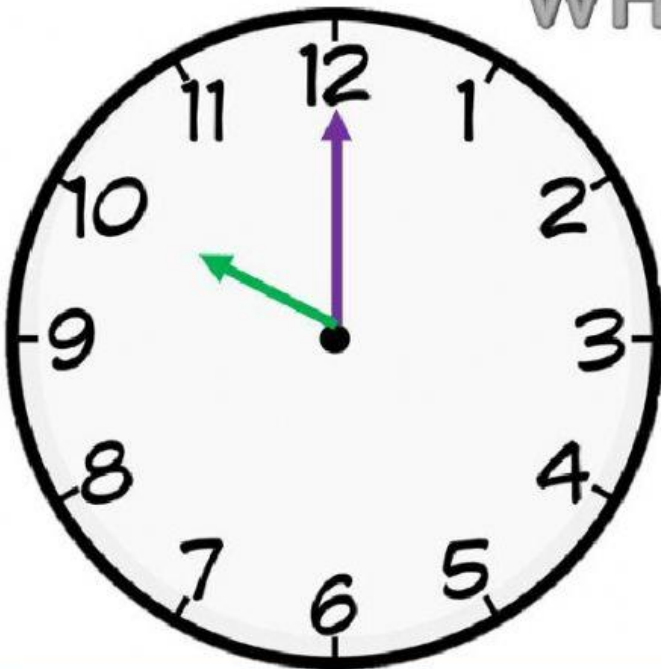

WHAT TIME IS IT?

2:00

2 o'clock

WHAT TIME IS IT?

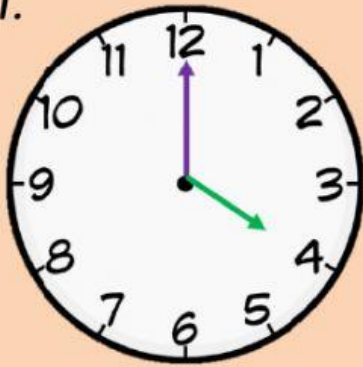

10:00

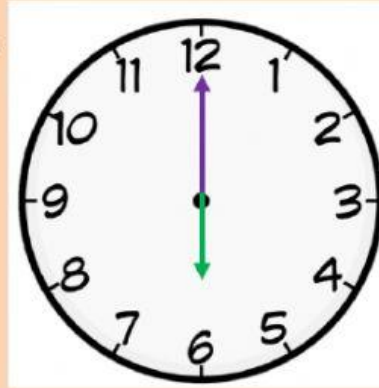

10 o'clock

Now it's, your turn. What time is it?

1.

2.

Read the word problems below to solve the problem.
