3.

4.

5.

6.

7.

8.

9.

The north pole of a magnet will always attract to the south pole of another magnet. If two north poles or two south poles are put together, they will repel to each other.

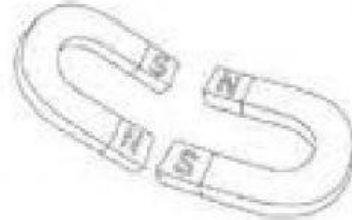

Tell whether each set of magnets will **attract** or **repel**.

1.

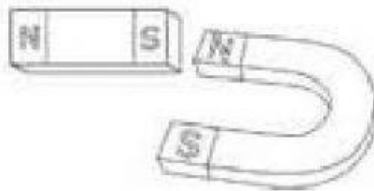

attract repel

2.

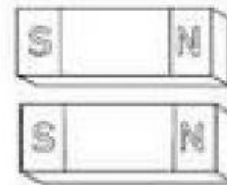

attract repel

3.

attract repel

4.

attract repel

5.

attract repel

6.

attract repel
