

Raw materials come from nature. They come from the ground, plants or animals. We use them to make manufactured products in factories. What is Amy sitting on? Is it a raw material?

1 Where does it come from? Write *plant*, *animal* or *ground*.

2 What is the raw material? Find the stickers. Match.

It is made from rock.

It is made from fish.

It is made from oil.

It is made from wheat.
