**The Countries Song** (lyrics)

I went to ..... on an ocean liner
Went to ..... in the back of a van
I went to .....all the way by train
Just to play in a rock 'n roll band

I went to ..... just by chance
The USA just for the day
I went to ..... just to pay my bill
And to play in a rock 'n roll band

I went to ..... - worked as an usher
Went to ..... - jammed with a man
Rode a bike to ..... 'cause I thought it was near
To play in a rock 'n roll band

I went to Congo - along with my bongo
Took a boat-ride to ..... - along with my tuba
Ireland, 'n Iceland, the Virgin Islands
To play in a rock 'n roll band
