Twin sisters

Something very strange happened to Tamara. She never knew she had a twin sister until she started university!

Tamara was born in Mexico. Her parents could not look after her so she went to live with a family in Manhattan, USA.

When Tamara was twenty years old, she started university in Long Island. She enjoyed her university life. But one day she was walking home from class, and a student smiled at her. "Hello Adriana!" said the student. "I'm not Adriana," said Tamara.

This happened to Tamara again and again. People Tamara didn't know kept calling her Adriana. It was very strange. One day, when a woman called her Adriana, Tamara asked "Why do you keep calling me Adriana?"

The woman replied, "You look like my friend Adriana. You have the same face and the same hair. Is Adriana your sister?" Tamara said that she did not have a sister called Adriana. But she was interested in this girl Adriana. Finally she asked someone for Adriana's email address.

When Tamara wrote to Adriana, she found out that they both had the same birthday, they looked the same and both of them were from Mexico. When Tamara went to live with the family in Manhattan, Adriana moved to Long Island to live with a family there. It had to be true! Adriana and Tamara were twin sisters!

Texting while walking is dangerous

Writing text messages and walking is dangerous. It is more dangerous than driving and texting. More people get injured while walking than driving. Walking in a straight line is not easy. We can forget how to walk properly. Dangerous things can happen. We run into people or cars. We fall over things in the street.

There are a few reasons why texting and walking is dangerous. People cannot see when they look at their keyboard. Their minds are somewhere else – they are not thinking about walking safely. Thousands of people have accidents. Some have serious head injuries.

Too much jogging could be a problem!

Running is good for our health. A recent study says that running too much is bad for us and it doesn't always make our lives longer. A specialist said too much running can damage your heart. Long-distance runners and people who never exercise can have the same risk of having a heart attack.

Experts looked at the health of 3,300 runners. Most of them ran over 30 kilometres a week. Marathon runners had hard parts in their heart. A doctor who started running in 1967 is sad. He ran 60 kilometres every week. He thought his heart was strong. Now he has heart problems. He said we should exercise, but not too much.
