Grade 11 **Health Science** **Worksheet**

STARTER Order the steps

Look at the steps below. They are the initial steps that you need to follow at the scene of an accident. Put them in the correct order by numbering them 1-5.

- [ ] Call an ambulance and get an AED if available.
- [ ] Tap the casualty and ask them if they can hear you; check for responsiveness.
- [ ] Check for breathing.
- [ ] Check that the scene is safe.
- [ ] Shout for help.
