IELTS Reading practice

Paragraph headings

15. ***Read the following paragraph and choose the best heading.***

'Phonics' refers to a method for teaching speakers of English to read and write that language. Young learners are taught to associate the sounds of spoken English with letters or groups of letters. For example, they might be taught that the sound /k/ can be represented by the spellings c, k, ck, ch, or q. Using phonics, the teacher shows the learners how to blend the sounds of letters together to produce approximate pronunciations of unknown words. Phonics is a widely used method of teaching children to read and decode words. Children begin learning to read using phonics usually around the age of 5 or 6.

A) A new method for language learning

B) How phonics benefits children in the UK

C) Children learn to link sounds with spellings

D) Children learn the rules of spelling
