Subtraction with Regrouping in Tens and Ones

1 a $63 - 27 = ?$

63

First, subtract the ones.
We cannot take away
7 ones from 3 ones.
So, we regroup the
tens and ones in 63.

Regroup the tens and
ones in 63.

6 tens 3 ones
= 5 tens 13 ones

Subtract the ones.

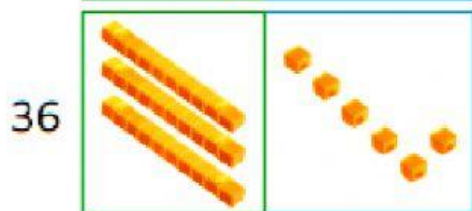

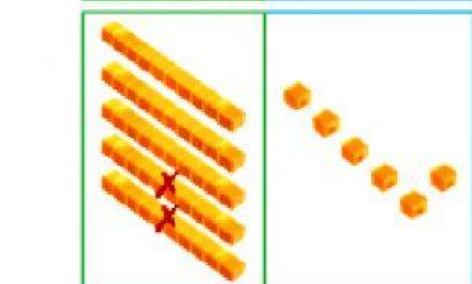

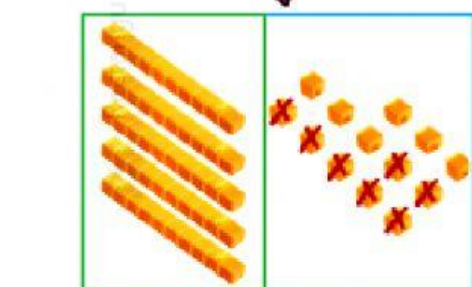

$$\begin{array}{r} 5 \ 13 \\ \cancel{6} \ \cancel{3} \\ - 2 \ 7 \\ \hline 6 \end{array}$$

13 ones - 7 ones = 6 ones

Then, subtract the tens.

$$\begin{array}{r} 5 \ 13 \\ \cancel{6} \ \cancel{3} \\ - 2 \ 7 \\ \hline 3 \ 6 \end{array}$$

5 tens - 2 tens = 3 tens

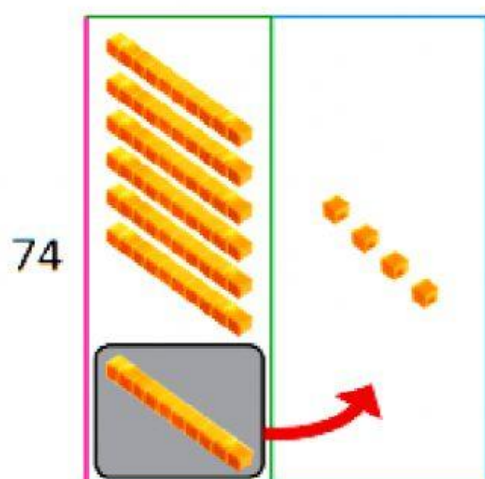

36

So, $63 - 27 = 36$.

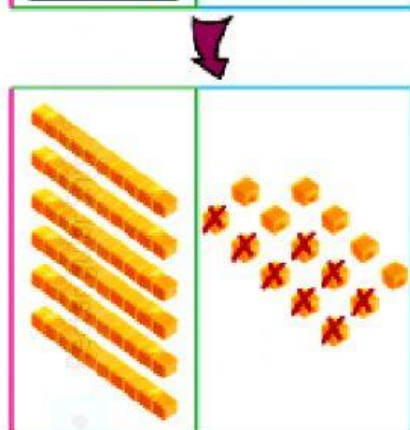

b $74 - 48 = ?$

[Click Here For More Info...](#)

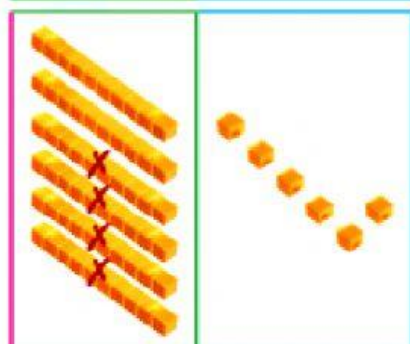

Regroup the tens and ones in 74.

tens ones
= tens ones

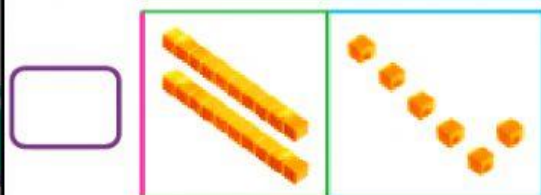

Subtract the ones.

ones - ones
= ones

Then, subtract the tens.

tens - tens
= tens

So, $74 - 48 =$.

	7	4
-	4	8

c)

	3	3
-	1	8

d)

	5	5
-	2	7

e)

	7	1
-	4	3
