

Unit 2 - The future

1. Let's hear predictions about the future and answer following questions.

How will students communicate with their teachers and other students in the future?

What will happen with animals because of overpopulation?

How will people buy food in the future?

Why will people have more free time in the future?

2. Write your own predictions about the future using I think, I hope, I don't think.

Example: I think that people will live in cities.

1. _____

2. _____

3. _____

3. Discuss your predictions with your classmate and write his/her predictions.

Example: Teresa thinks that people will live in villages.

1. _____

2. _____

3. _____

4. What will you do in the afternoon?
