

A Future of Inventions

1 Place the following inventions in the correct group depending on whether you think they are fictional inventions or they are real. If you don't know, have a guess!

Time travel machine / Indoor cloud-maker machine / Sign language translation gloves
Wing-suits (that enable you to fly) Air-maker (for use on other planets) Bio-fabric clothes
(that change colour according to the person's mood) / Digital running shoes (that give you
performance statistics)

Real inventions	Fictional inventions

2 Listen to [this interview](#) and say if the following sentences are true or false:

Wing-suits allow people to fly True / False

Wing-suits are getting cheaper True / False

The 'talk gloves' help people to use sign language in really cold conditions True / False

James Cameron invented a new underwater camera True / False

The last invention is a way of producing clouds indoors True / False
