What is \_\_\_\_\_

## **XII-Đọc đoạn văn sau và trả lời các câu hỏi bên dưới.**

Everyone suffers from the common cold at some time or other. It isn't a serious illness, but people spend a lot of money on medicine. The medicine can only relieve the symptoms. That is, it can make you cough less, make you feel better, and stop your nose running for a while. So far, there is no cure for the common cold and no medicine to prevent it. People also drink a lot of hot water with sugar, lemon juice. It helps provide them with a lot of vitamin C.

1. Why is the common cold very popular?

---

2. Is the common cold a serious illness?

---

3. What does the medicine help people with the common cold?

---

4. Besides medicine, what do people do to make them feel better?
