

*Listen to the big speaker and match the small one to the picture*

The worksheet is designed for a listening exercise. It features a grid of animal pictures and speakers. The top row contains six animal pictures: two piglets, a Corgi dog, two chickens, a cow, two lambs, and a horse. The second row contains three animal pictures: a kitten, a rabbit, and a duck. The third row contains one animal picture: a mouse. The remaining space is filled with ten small speakers for matching.
