Scotland is a great place. There are lots of mountains and more than 750 islands! The highest mountain is Ben Nevis and I want to climb it one day. There are big lochs (lakes) in Scotland. The most famous lake is Loch Ness because some people believe a monster called Nessie lives there! I go on holiday there every summer, but I never see Nessie.

I live in Edinburgh, the capital of Scotland. Edinburgh Castle is in the centre. It's beautiful and there are lots of green parks next to it. Nearby is a road called 'The Royal Mile'. Go straight on and you see Holyrood Park opposite. I play there after school. There are lots of trees in the park, and a big hill called 'Arthur's Seat'.

I live in Warsaw, the capital of Poland. My house is near the Royal Castle. Years ago it was the home of kings and queens, but now it's a museum. I sometimes do a tour of the castle at the weekend. It's really good fun. I also like to walk along the Vistula River with my friends.
