

MY DICTIONARY

(Kamusku)

There are many words in English that are not pronounced the way they are spelled. For example, the word that is spelled as ti-ee-ei-yu-ji-eich-ti is pronounced as [tot], and not [taug]. A lot of times, I have trouble pronouncing words in English, and I always consult with my dictionary to know how to pronounce them correctly.

So if you don't know how to spell and pronounce a word in English, or want to know its meaning, you can look them up in the dictionary.

- **bought**: membeli
- **can**: bisa
- **dictionary**: kamus
- **pronounced**: diucapkan
- **spelled**: dieja
- **look (it) up**: mencari (informasi)

Pilih "true" jika pernyataannya betul dan "false" jika salah.
