Atlas song (by Benjamin Francis Lefwich)

Take me to the docks*, there's a ship* without a _____ there

And it is sailing* to the middle of the sea

The water there is deeper than anything you've ever seen

Jump right in and _____ until you're free

I will remember your _____

'Cause I am still in love with that place

But when the stars are the only things we share

Will _____ be there?

Money came like rain to your hands while you were waiting

For that _____ long promise to appear

People in the churches started singing above their hands

They say, "My God is a good God and He cares"

____ will remember your face

'Cause I am still in _____ with that place

When the stars are the only things we share

Will you be there?

I've got a plan, I've got an atlas in my _____
I'm gonna turn when I _____ to the lessons I've learned*
I've got a plan, I've got an atlas in my hands
I'm gonna turn when I listen to the lessons I've learned
