

Atlas song (by Benjamin Francis Lefwich)

Take me to the docks*, there's a ship* without a _____ there
And it is sailing* to the middle of the sea
The water there is deeper than anything you've ever seen
Jump right in and _____ until you're free
I will remember your _____
'Cause I am still in love with that place
But when the stars are the only things we share
Will _____ be there?
Money came like rain to your hands while you were waiting
For that _____ long promise to appear
People in the churches started singing above their hands
They say, "My God is a good God and He cares"
_____ will remember your face
'Cause I am still in _____ with that place
When the stars are the only things we share
Will you be there?
I've got a plan, I've got an atlas in my _____
I'm gonna turn when I _____ to the lessons I've learned*
I've got a plan, I've got an atlas in my hands
I'm gonna turn when I listen to the lessons I've learned
