Chapter 3 - Word Problems: Addition and Subtraction

Topic: Subtraction: Finding One Set of Objects from a Group

Solve. Use models to help you.

1. There are 278 people around a campfire.
26 of them are teachers and the rest are children.
How many children are there?

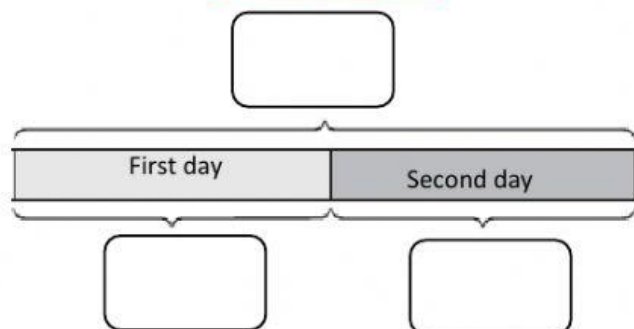

$$278 - 26 = \boxed{}$$

There are _____ children.

2. Fill in the blank.

A factory produced 674 toys in two days.
325 toys were produced on the first day.
How many toys did the factory produce on the second day?

$$\boxed{} - \boxed{} = \boxed{}$$

The factory produced _____ toys on the second day.
