

# THESE ROBOTS COME TO THE RESCUE AFTER A DISASTER

C. WATCH THE ENTIRE TED TALK AND TICK THE MAIN IDEAS.

1. \_\_\_\_\_ Robots are essential in disaster relief because they significantly speed up the response to the disaster.
2. \_\_\_\_\_ Robots are important because they provide humans with the essential data that they need to respond quickly and efficiently to a disaster.
3. \_\_\_\_\_ Robots will one day replace human and animal disaster relief teams.
4. \_\_\_\_\_ Search and rescue robots are more effective at finding and rescuing people than human and animal disaster relief teams.
